## *Front-End Software Developer*

I am a 20-year-old developer with a strong interest in frontend development. I am a fast learner and able to accommodate quickly to using new technologies and environments. I consider myself to be an open-minded and talkative person, which allows me to work well in groups. I am excited to bring my creativity and energy to the field of frontend development and to seize new prospects for advancement.

## *Key production skills*

- ✓ English level: B2.1
